Trailer Rating Specification

Item	Details
Trailer Model	3.8T Tipper Trailer
GVM	3,800KGS
TARE	780KGS
Axle Configuration	Tandem Axle (2 axles)
Single Axle Load	2000kgs
Tyre Size & Load Rating	195R15C, 950 kg per tyre
Suspension Type	Leaf Spring Suspension
Brake Type	Electric Drum Brakes
Coupling	50mm,4500KGS or Heavy 12T Ring type

We, [SHANDONG SANNYUE MACHINERY TECHNOLOGY CO., LTD], hereby certify that:

- 1. This trailer has been designed and manufactured in full compliance with the relevant road vehicle safety standards (e.g., Australian Design Rules (ADR) / New Zealand Transport Agency (NZTA) requirements).
- 2. The Gross Vehicle Mass (GVM) of 3,800 kg is within the structural and component load limits of the trailer.
- 3. All critical load-bearing components (axles, suspension, brakes, chassis frame, tyres, and coupling) are rated and tested to safely support the GVM of 3,800 kg under normal road operating conditions.
- 4. We accept full responsibility for the accuracy of all technical specifications and ratings stated in this document.

Authorized Signatory: MU
